

Treasury Department

March 29<sup>th</sup> 1855

Sir

Your letter of the 19<sup>th</sup> inst is received. Mine of the same date anticipated your enquiries on most points. As therein suggested whenever you receive orders from Supervising or Local Inspectors, you may at once refer them hither, in the mean time making provisional arrangements to prevent delay in executing them when you shall receive the directions of this Department in regard to the transmission of allops.

Very respectfully

Your obedt Servt

James Guthrie
